Dear Uncle,

The 9th C. passed through this place this P.M. on its way to Cincinnati and from there to Annapolis M. I. We left Knoxville on the 20th inst.

I have been quite unwell for two or three days with the effects of a cold and hard marching and was left here to take the stage in the morning and shall rejoin the Regt. again tomorrow at Nicholasville.

I sent a box by Express to you from Calhoun Nelson on the 25th January containing...
a heavy blue coat and a pair of shoes. I have not heard from you since in fact we have not received but little mail you will please send them to the Galt House Cincinnati O as soon as you get this so that I can take them when we pass through that place. I should make you a call before leaving the Meat if it were possible but there is no officer in the Co. beside myself I should like very much to see you and Aunt again before going East with much love in haste 
Avery your dearest nephew
