

Office of Finance 24th Decem^r 1782 92

Sir,

I do myself the Honor to enclose an Act of Congress of the twentieth Instant together with Copies of the Letters referred to in it.

I must take the Liberty on this Occasion, Sir to intreat your kind Attention

to Mr. Tichenor's Situation who is represented as a faithful and suffering Servant of the Public. It is very much to be lamented that

every Effort for doing Justice to the Creditors of the United States has hitherto been ineffectual but until a solid Provision can be made both Justice and

Humanity dictate that the Burthen should be as much as possible divided for nothing can be more painful than the Reflection that distinguished Adherents to the

Principles of the Revolution are to be made Sacrifices to those Principles in the last Moments of our Contest.

I am Sir with perfect Respect

your most obedient Humble Servant

His Excellency the
Governor of New Hampshire
