To The Hon<sup>ble</sup> Committee  
of Safety &c. &c.

Umblely shews That The Petition of Robert Fulton of Londonderry

Your Honors Petitioner hath diff<sup>er</sup>ent Actions to be tried and  
Superior Court and Sessions, therefore most earnestly supplicates  
that he may be liberated so long as to have a chance of procuring  
his Evidences, which are in the other States — he does not  
mean to procrastinate, nor give the Hon<sup>ble</sup> Judges or Justice's any  
unnecessary trouble by being obliged to ask a further indulgence  
'till he can be permitted by Your Honors to do justice to his  
Family, which can't be done if deprived of the advantage of the  
salutary laws of the State

If the request of Your Honors Petitioner is granted  
We shall as in duty bound ever pray

Robert Fulton
