Sir

Since we had the honor to address our letter of this day. His Excellency the Commander in Chief has favored us with one - Copy whereof is enclosed.

Had the necessity of completing the Regiments to the complement he states appeared to us as indispensable before as it hath done since the receipt of his letter, we should not have hesitated a moment in recommending the measure, being now perfectly persuaded of its propriety.

We have the honor to be with the
greatest Respect
Sir

Your most ob^l Servants.
