Then Comm. taking into Consideration the conference of this day, held with the Assembly's Committee, unanimously agree to make the following Report to the united Comm, whose meeting is to be held tomorrow. viz. That we have had a free conference with the Assembly's Comm. particularly respecting the plan of Representation, which has been pursued in this State, & that no one of us is as yet in any degree convinced of the justice or Equity of that plan; but that our apprehensions of these being just grounds for our uneasiness in that respect, are still as great as they have ever heretofore been.
