

Camp Chase Wis. Sept 18<sup>th</sup> 1862

Dear Mary:

I wrote you a letter, but our mail goes whenever it happens I don't know that it has gone. I thought I would write a line and put in with Chapp. ~~He is~~ ~~our~~ ~~Cook~~ ~~He~~ ~~is~~ ~~our~~ ~~Cook~~, and a good one too, we have now the best cook in the Reg., quite a contrast from that in Concord.

We have excellent coffee now and wrything is equal to that cooked at home.

We have just got fairly settled down, it is a great task to move we have now moved three times, I guess we shall stop here sometime. I saw this morning a soldier from the 2<sup>d</sup> N<sup>o</sup> <sup>reg</sup> 76<sup>th</sup> Hill from Henniker. he has been in thirteen battles, has not received a scratch as yet he says they have 838 men left, that in the last battle of Bull Run, they would have taken Jackson and his whole force

Dear Mary,

I wrote you a letter but our mail goes whenever it happens I don't know that it has gone. I thought I would write a line and put in with Chapps. He is our Cook, and a good one too, we have now the best cook in the Reg, quite a contrast from that in Concord. We have excellent coffee now and everything is equal to that cooked at home. We have just got fairly settled down, it is a great task to move, we have moved three times, I guess we shall stop here sometime. I saw this morning a soldier from the 2d N.H. Reg. Hill from Henniker, he has been in thirteen battles, has not received a scratch as yet he says they have 338 men left, that in the last battle of Bull Run "they would have taken Jackson and his whole force

if McDowell had not broken and let ~~the~~ him out." He (Hill) was in Hooker's division. Hooker gave orders to shoot McDowell if any private could see him. He says "all the Rebels in Md. will get captured for Hooker is in their rear, and will punch them hard" He says braver men than Correll Arsten and Gen. Hooker never lived. He said that "we shall probably close up this war in six months"; that he has been where he saw Richmond and that is all he wanted he did not want to go in to it for it is a low sunken wretched hole" The Rebels he says are the dirtiest most ragged miserable set of being he ever saw.

We have within a radius of five miles ~~about~~ ~~the~~ from here 200 000 men, so I guess the Rebels won't take us very easy. One of our Co said he saw ~~in~~ in the Boston Journal a report that the 11<sup>th</sup> was all cut up. You must not believe any such rumors as that, write if you saw it in the Journal. Write soon direct to Washington D C U.S. G. V. Co D. is all that is necessary.  
Yours in haste W. P. Sumpleton
