Dearest beloved,

Last night the temperature went down to 2° below zero but we slept well, I slept with Beas, and we all made to have a nice hot breakfast. Ray is in Edgemoor and Beas, Jan, Jim and I are having a lovely time here. Jimmie is trying to console Jack who's suffering because of his teeth and acts like an older brother.

No mail from home yet but I do expect some this afternoon. All our bills are paid up to date, our finances are O.K. and I do hope you're fine and dandy. I hope the folks had a nice week end with the family and Bob and I'll write you all about it when I get home. Don't know why Bob hasn't written but he could be busy.

Just had mail come yesterday and may spend the day indoors again unless it gets warmer. How are things going with you and are you well in France?

Stay well, dearest and baby and I will so. Always, All our love to you and we miss you very much. Lovingly,
 Florence Stone
