George, sweetheart,

Today was a real spring day and Jim and I spent many hours outdoors. We're fine, the family is well and we're all waiting patiently for your return.

Received your V-mails of Feb. 2<sup>nd</sup> and Feb 26<sup>th</sup> #524 & 54 this morning, also your \$9.00 bond for month of Jan. Also mailed a package for you from the folks with cereal, crackers, jellies & cookies. Wrote you a long letter last night and so hope my mail is coming through better now.

About 4.30 this afternoon Willy Nelson drove the children, Betty, Wayne and myself down to Sleephead Bay for a ride and we enjoyed it so much. Am preparing supper in a short while and left to go out to night if Lucelia shows up.

I love you as always, miss you every moment and keep dreaming of our future together. Take care of yourself, my darling and Jim and I will do likewise. Love, Florence & Jim
