WEDNESDAY

MARCH 28th

Dearest beloved,

After yesterday's trip, we've had a good rest last night and all of us slept well. Hope you're well and the war news is terrific. Yesterday I received your letter of Feb. 18th #56, March 2nd #57, March 12th #58 and March 17th #59 and also a paper stars and strips. March 17th mail came very fast.

It's very lovely and mild out and Jim and I. Good for and needed we out all morning morning ourselves. The air smells so sweet and the country is so beautiful now. Jim and I is very well and adapts himself so quickly to the surroundings.

Jim and I drove into town before lunch and took the haul from the hospital. He had pneumonia not like flu as I've written. He's O.K. now. Jim and I love you very much, dearest daddy and hope to see you soon. Always love to you!

As always,

Daddy
