Wednesday

George, sweet heart,

Received page 2 of your May 5th V-mail and am glad that all is well with you. You must be very busy these days and we, at home, are very anxious to know what goes on with you and that V-day has come and gone.

Your folks are fine, Jim and I just well and my family all in good health too. Received Jan. 27th this afternoon and we had a pleasant few days together. Eleanor had lunch with us and left for Ruby's store early. Thomas is working on the local store and Maurice comes in several evenings a week. Today is Betty's birthday and I sent a card to him yesterday plus a "Hot seller" The set is yet from all Mrs. H. deserves more.

Jim's work cleared up and the summer will help him, as is the past. Don't worry, sweet heart, just try your best to come home this year - one year.

Jim and I love you more and more. Give well.

Yours faithfully,
Fredrick Saff
