UNDER BAXT MANAGEMENT

June 20th 1941

Dear Florence.

I received both your letters, and I do hope you feel better. Hy is in the City now, I expect him in tonight. I feel fine.

I received a letter from Thelma, and she still feels the same way. I am calling Mama tonight and if there is anything new, I will write you immediately. In reference to the belt... I will try to order it through mail, because I may not be in the City for some time. I also will let you know.

Buisness here is very good, we have 60 people now and expect a very big check in this afternoon. Florence, I hope you are taking care of yourself and getting as brown as a berry. Take it all in. How is Leslie and Al, I hope well and making plenty of money, they deserve it. Have you heard from George and Eleanor. Is she coming up for the Fourth of July Week-end.

I am sending you up the valise by American Express Monday. The black one is in much better condition.

There is nothing more of importance to write so I'll close with my fondest regards to Leslie and Al and Also Arty. All my love to you
