Sunday ev.

Dearest Sweetheart,

The folks came up for the week end and I believe they had two nice days here. They're well and Jim and I are fine too. Wrote you a letter last night and finished it this morning but this shanty is to assure you that all is well at home. Weather is delightful and most of the afternoon was spent visiting Boss, your relatives Jack and Ada and others I don't know by name who were at the Congress. Eleanor, Marion, Jim and I went rowing and it was an awful fun. Jimmie is still the usual and you fellows turn up like a monkey. They splashed the water, soaked their feet and had lots of fun. The folks got a little home with Jack and we left at 1/2 six one half. They well, dearest, and I love you as always. Hugs and kisses from your soldier.
