Dear Sq.

Haven't much time to write, so am quickly jotting down a few words. Everything going pretty well. Knocked out a 94 on that exam, and ranked among the first five in my class. Have another tough exam this Saturday, and am studying and sweating this one out also. The Russians are going crazy, and our Yanks aren't doing bad either. I'm beginning to think you're right about Germany getting knocked off soon. Regards to Flor Jim.
