Dearest one,

Our Crown Prince sure takes after his Daddy with his Shobin for water. As soon as I open the tap in the bath-tub, before his bath, the little rascal knows it's his bathing time and makes a wild crawl plus a few hurried steps out the door. He still gets his bath daily, standing up and I know not when he'll decide to take a sitting bath.

Mom and Pop are now here with me and were quite elated at the reading of the first

Sweet letters you sent me. They're
both O.K. and expect to have Turkey
to-morrow at Kay's. As yet I'm
undecided about going - without you
there'll be no enjoyment. So perhaps

I'll spend part of the day with my
family and then tuck Jimmie
and Mommy into bed early - doesn't
Daddy get tucked in early?

To-day I received the allotment
check for \$80.00 and Mom and Pop

haven't received any check as yet.

But perhaps they'll get it later
in the week. I've also rolled up
\$700 worth of services for our

Jimmy.

My nights are getting better and I'm taking to the "Reader Digest" when I do awaken early. That's to clear some of the cobwebs in that brain of mine. Radio programs also help to hasten the early evening and I'm just eating up the world news.

Our Sarah showed up real early this morn. 7.30 and did a swell job on that kingdom of ours. The rest of day I had very little to do - expect to take care of Jimmy.

Received the receipt of payments from the Commercial Travellers, which I've filed and also a telephone bill. To day Sunny, Jules, May

Pius and the family all spoke
with me.

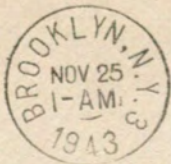

Pop is mailing this letter for me
therefor the hurried ending.

So Good-night Sweetheart - most
pleasant dreams - and two Great
big kisses from Jimmie and
me. Love from Mom and Pop.

Lovingly,
Florence

Hope you received Bob's address
and also the package I sent you.

Please drop a card to Ben & Betty Brown
if you have time. They're just grand.
