SEE INSTRUCTION NO. 2

Tuesday eve -

Dearest sweetheart,

It is in preparation for our trip to-morrow - and
 even as I'll write I'll write to you. Don't worry, I'll
 be careful and go not more than 35 miles, the hour. Give
 me 3 or 4 feet just and dandy and tell you're liberal!

Received two more small letters from you dated
 June 1st and 2nd with nice snapshots and a \$35.00 money
 order. Thanks, darling, I'll bank it. All bills and paid
 the apartment is in order and we're all ready for a
 pleasant summer. I'll be home if you joined me.

Give love to the folks, my family and Ray & Bob.
 It is well on the home front. Expect to see Sam and Pop
 before we leave for the bridge and will give Pop the lighter, a
 light shirt and the comb that Eleanor refinished.

To-night I said good-bye to several neighbors
 and will keep in touch with them during the summer. Don't
 still writing letters & requested. Oh my darling, it
 won't be long before we'll be in each other's arms again.
 Affection and kisses from Jim and all yours, as always
 George
