SEE INSTRUCTION NO. 2

Friday eve.

My darling,
 Just very cheerful after my 5th arrival this
 morn and left me in good spirits all day. Also had
 a letter from Pat and if his luck holds out he'll
 be in the States for a few more months. These recent
 snaps of you and your kiddies are going to make an
 interesting album and I must say you look quite young
 and healthy. Jim and I feel that way too but
 Jim must have some dynamite in his little body.

We'll be leaving next Wednesday. I'm almost
 sure this time and the delay is due to many things.
 Our mattresses came this afternoon and they're swell.

After our nap today, Jim and I went to the
 movies and I just had to see "Roughly Speaking", a
 very good picture. Jim cheered, but considering he
 had to sit on 6 different seats. Met Almer (Bill
 coming home and she spent a few hours with us. We still
 have you and had her as well. They're all about
 to be about. Please

Friday eve—

My darling,

Your cheerful letter of May 31st arrived this morn and left me in good spirits all day. Also had a letter from Bob and if his luck holds out he'll be in the states for a few more months. Those recent snaps of you and your buddies are going to make an interesting album and I must say Jon looks quite young and healthy. Jim and I feel that way too but Jim must have some dynamite in his little body. We'll be leaving next Wednesday. I'm almost sure this time—the delay is due to many things. Our mattresses came this afternoon and they're swell. After our naps today, Jim and I went to the movies and I just had to see "Roughly Speaking", a very good feature. Jim behaved fine considering he had to sit in 6 different seats. Met Aurora while coming home and she spent a few hours with us. We still miss you and love you so very much. Stay well, dearest.

As always, Florence
