Sunday eve -
6/10

Dearest sweet heart,

Bring you and dreaming of you always keeps us in good form and fine spirits. Jim and I are feeling swell, just a little impatient about seeing you and hope you're fine and dandy. All at home we are.

It's been a very quiet Sunday with intermittent rain and baby and I spent the whole day indoors. We had fun dancing, playing and listening to the good music. The folks came in at 12 and left at 4pm for the Grand to visit Philp. They're fine and had a call from Bob yesterday. Expect Eleanor and my mom soon to keep me company this evening.

Write you a long letter Friday and Saturday but this short V-mail. Hope that's good news to you - just me and more. Remember only good and my fingers are crossed. My love for you is as always and nothing will change that. Keeps and kisses from Jim and I always yours
 Frederick Stone
