

Friday evening,

George, my darling,

To still receive a daily love message from you, my sweet, is my special treat for the day. So better than food, sun and air to keep me fit and my spirits high. Until I see you again, I'll just have to be satisfied with that substitute and also be quite thankful that I have our precious around my feet all day long. We all miss you but love you ever so much and hope to goodness our precious buddy doesn't stay away for too long a period.

To-day was like another Spring day
 and, of course, baby and I got out early
 to take in all the air and sunshine we
 possibly can when it's nice weather. We
 chipped for the week-end and also did some
 walking around the college.

Pop called and all is well. They received
 a card from you and a letter from Bob. Mrs.
 Reese also called, sends her best to you and
 wants us to visit her again. Betty and I
 went again to Sulhmanns and bought sweaters
 and Betty got 2 dresses. I couldn't get any
 because they're made of wool and I'm
 allergic to wool. But we went to another

shop that has only very good silk dresses,
all samples, and I may get one next week.

Ben watched Jimmie upstairs and he slept
all through the eve without a murmur.

With the morning mail I got your
Tues. letter, a Circular, an Income Tax
form (N.Y. State Resident) and a Reader's
Digest. Shall I mail the form to you?

Would you like the past few issues of
the Digest? Also got the telephone bill
which amounted to 10.88 , New Orleans calls
were only 2.65 - 2.20 plus 97 tax. I
thought they'd cost more.

While outside to-day, the fainter

spoke with me and said that I'm really
entitled to the Saint job as we've had in
the past. It seems that the P.P.G. sees
that landlords do all they have to as they
have done previously in each tenants apt.

I'll call Ruth to verify this and if I
can get it done without any fuss, I might
as well make the place look clean again.

Baby and I are fine and keep busy all
day and most of the evening. To night I'll
do some mending and knitting and maybe listen
to some good programs. How long do you have
to be on the firing range?

With all the love that's in my heart and
a kiss from baby and me. I am yours always,
Florence
