

Wednesday eve -

March 14th 1944.

Dearest,

To-day was an uneventful day except for the arrival of the C Rations and the Jack magazine. No mail from you but I guess the morning will bring some news.

Hope you're well and that you're careful.

I'm not sure whether the folks will be here to-night but if they do arrive later

I'll let you know at the end of the letter.

Meanwhile I'll keep on chattering with you.

Baby and I are fine, slight March winds to-day and rain in the morning. At 2 o'clock we went out for some air and

a little sunshine but didn't stay out too long. Met that school teachers' wife Mrs. Wald-Damm who told me that her husband is now on maneuvers and after that may be shipped. So far, he's been coming in every two weeks from Mass. Betty and Lawrence were also out with me and that kid is a holy terror. He fears no one and nothing but he likes Jimmie and is rather gentle with him.

Did I mention the cup cake incident? If I didn't here tis. In the afternoon, during milk time I decided to have a cake and glass of milk with baby. While eating the cake I felt as though I had a loose filling and discovered a piece of glass and spit the

whole mouthful out on the cup cake paper.
 Called Elinger to notify them and they've
 sending a man around to look into the
 matter. Told them I gave a piece to Baby
 (I didn't really) and I was upset about the
 matter. The result of the whole thing will
 probably be another cup cake but who knows?

My mother spent part of the afternoon with
 us, brought ^(half) fudge layer cake and is having
 dinner with Thelma to night. She mentioned
 that my father's stove is almost complete
 and that the unveiling will take place
 in 2 or 3 months.

Jules called this afternoon to inquire
 about all of us. He sends his best to you.
 Min and the kids are fine.

Almost forgot to tell you that I also
got a check this morning for ^{\$}16.25 —
divided from M^eLesson and Robbins. I've
already mailed it to the Williamsburgh Savings
Bank. The lease is O. K. and only the bath
and kitchen are being done.

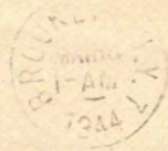

Jimmy is fast asleep and is such a good
baby. His vocabulary is about the same and I do
encourage him so many times during the day that
he'll get there so why worry.

I still love you with all my heart and
miss your being every moment of the day.

Good-night, darling, and you still have
my heart. A kiss and hug from baby.
The folks just came in and they're fine.
But send their love.

As always,

Flora
