

Wednesday. June 20

Dearest George,

To-day was a lovely day even though the morning started off with rain. During the afternoon the sky was full of soft, fluffy clouds and the sun was shining. The air smells so good after all the rain we had since last Wednesday.

Jim and I are fine, arose early and were out of the house by 9.30 a.m. We did some shopping and then met Bess and Jan in town. They were looking for us at the house and waited for us near the street where we usually walk toward the house. I mailed more cards and letters and then we all went back to the house for an early lunch. Jim and Jan had chicken dinners and Bess and I had salads with strawberries and cream (out of this world). The babies didn't nap, they never do when they're together, so they played very nicely in the back yard. Bess and I cleaned the kitchen and then shortened some window shades (there's

a help shortage in town & after this was
done, we sat on Adirondack chairs outside
and sunned ourselves until almost supper
time. The chauffeur from the hotel brings
Bess and also picks her up.

There isn't too much to write to-night
so I'll include some columns from the Sun
and hope you'll enjoy the enclosed feathers.

About that check from the insurance
Company, if I haven't been too coherent, here's
the story. I received the check for \$68.75
about 2 weeks ago. Tidler gave me swell
service and all was refinished on the car
that was necessary. I didn't get around to the
radio yet but will in short time.

Your June 4th letter came today and
the snapshots are grand. I sure enjoy
looking at you so often and you look swell,
my darling. It's almost 11 p. m. and I sit
here to read more of "Dread Asia". Jim is
fast asleep for hours and we're both alone
to-night again. Mom and El will be here in a day
or so.

We miss you, love you, worship you and
wish you were with us always. Soon that will
be too. All our love and devotion as always.
Kisses and hugs from Jimmie and Mummy. Love
Florence
