

Saturday, 4/15/44

Dear George:

Florence being away, you know I haven't talked with her this week. As understood, she is to return home today.

Ken Lyden is in Florida; I don't know his address. Jim Burns quit last Saturday; left to take a job for more dough. A fellow by the name of McGill is in his place. Looks like the Irish have command of the back office.

Market has been quiet all week, in both volume and movement. IT bonds have been strong, and are in new high ground. I understand their statement when released will be very, very cheerful reading. I personally think the market is okay as it is pretty well sold out, and outs being so certain that it will crack when invasion starts. In the meantime, bonds are like the rock of Gibraltar; new offerings are readily oversubscribed, and the oddles of money that is idle will get itchy and come in again real soon.

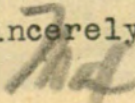

Hope you still like your location in the Twin Cities. Unfortunately, I haven't been able to locate any acquaintance there. Trust you have managed to make some acquaintances there to make it a little pleasant. Looking forward to your next letter so that I can know of your plans about Florence and Jimmy. What do you hear from your Brother Bob?

War news still running the same. Russians beating the daylights out of the Germans; the Allies bombarding them from the air, and everybody wondering when they are going to collapse. Let's hope it will be soon.

Not much else at the present, but hope to have some additional news before the coming week runs out.

My best and loads of good luck.

Sincerely,

Dear George:

Dear George:

Flowers being very, you know I haven't talked with  
for this week. As understood, the is to return  
today.

Remembered in Florida; I don't know his address.  
It seems quite last Saturday; left to take a job for  
somebody. A fellow by the name of Collins in  
his place. Looks like the first have consisted of the  
last office.

Never see you, please all week. I don't know volume and  
movement. It could have been wrong, and are in how  
high ground. I understand that something about  
released will be very, very careful matter. I  
personally think the matter is only as it is  
well sold out, and out being so certain that it will  
great year financial starts. In the morning, could  
are like the best of situation; not otherwise are  
rather over-assessed, and the odds of your that  
is live will not look a factor in what you soon.

Have you still like your location in the Twin Cities.  
I don't think. I don't think you would be looking for  
something else. That you have wanted to make  
some arrangements for the future. I don't know  
how you would to your next letter as that I can  
know of your plans for the future and I don't know. That is  
you can't find your brother's body?

an new still wanting the same. Analysis being  
the definition out of the domain; the  
comparing that on the air, and everybody's wondering  
what they are going to collapse. Let's hope it will  
be soon.

Not sure else at the present, but hope to have some  
difficult, have been the coming week runs out.
