

June 20th. 1944

Dear George.

I'll dispense with how busy I've been, and why my letters have been less and less. I think from now on things will be a bit easier.

Received your 6/16 and 6/18 letters today, and sure am glad that Flo & Jim are joining. You certainly found a swell setup for them, and I'm positive you're all going to be a lot happier about being together, whether St. Paul, or Brooklyn.

I too, heard from Pop, and all sounded good. He claims that the watch band Fran and I sent

him was something he wanted,
claimed he almost bought one in
Silver Rod's for \$6.50. He makes one
feel good anyway.

All goes well with both
Fran and myself. Our only worry
is this delay en-route business. It
looks awfully bad, and I absolutely
don't expect a thing. A cadet squadron
graduated last week, and they
didn't get one day off. I'm afraid
we're going to get the same
deal. As for Fran and I stopping
over in St. Paul. It's a wonderful
idea! — But?? —

I'm still flying —
Camera missions now. Have 3 more
missions to go, then I'm through.

Hope we can all get together in St.
Paul, but it looks hopeless. BoB

Regards from Fran to Flo - Jim and yourself.
