

Thursday - June 15 -

George, darling -

My days are so very full of Jimmie, packing and little details that I'm attending to before I leave. I guess you're busy, too, with your army work and apartment hunting for us. Hope you get us located in a good spot, near a park or lake with the necessary equipment for Jimmie.

Last night after Eleanor and my Aunt left I made out a list of things and I'm taking care of them in order. I will not be able to have the faint <sup>job</sup> on the car done until I come back so don't worry about it. I'll do my best to get Pops' gift tomorrow and Jimmie will get his check up at Mr. Carnes. I had an appointment with Dr. Steichman today and he says I'm fine, not to worry and here a first time out in Minnesota with my George. I arose quite early in the morning but fell asleep again until 8 a.m. It was raining during the night and was cloudy all day long. Baby was in love all morning and helped Sarah and me with our duties. All the curtains are off the windows, washed and will be put away before we leave. In the mail I received your Tuesday letters and also a letter and check from Billy Kubel. Your letter sounded very encouraging and I do hope that that doctor agrees

that you're feet are not the kind that they want in  
the army. So, who knows, maybe we'll all go back to  
N.Y. in the same room on the same train. Don't stop  
me from dreaming. Billy's check amazed me so that I  
don't know what to say anymore. He received it from the  
Tetlowcraft Club and he thinks it rightfully belongs to you.  
That's your father's key gift from Billy so I'll try to spend it  
for you on something that we need. I called him during  
the day, thanked him so much again and he may see us  
off on Sunday. He's sure a good friend to us, my darling.  
Mom and Dad are well and may see Bob in 2 or 3 weeks if  
he decides to come home on his furlough. Their love to you.  
Robert Reuben called tonight also - I say Abrams, Penny  
and my family. Their regards to you.

Good night, darling, and do you mind if I don't write  
after to-night? If something important comes up, I will  
but if not I'll be busy getting everything together and  
thinking of you every moment until I see you again.  
All the love that's in my heart to you, my dearest, and  
a big and kiss from Jimmie.

As always,  
Florence
