Hi sweet heart -

Everything at home is running smoothly and we're all fine. Joe and I went out for a walk this morning and the weather is great. We did some window shopping and I voted, after being quite undecided. In fact, I don't recall who I voted for this time. But fall for Staff that all is well with you and why don't you resemble to me the kind of Staff you eat, sleep in and work in since you sit in France. Is it that bad? The folks are fine and hear from Bob almost daily and had another letter from you.

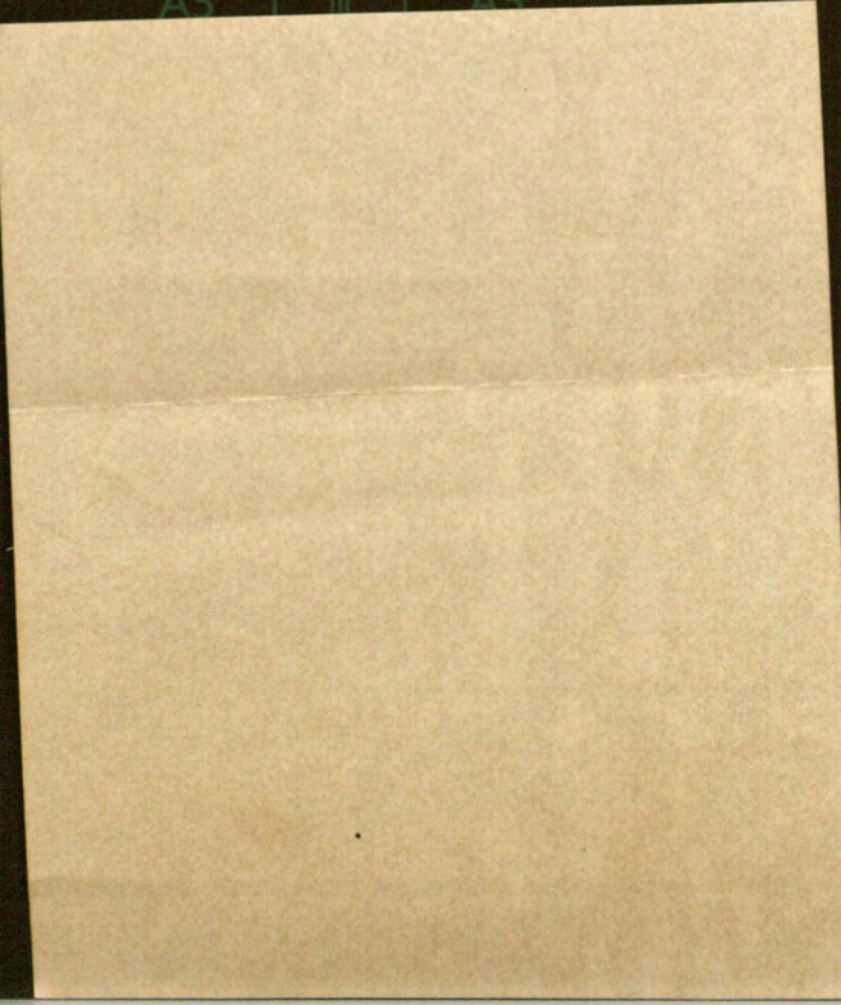

Jimmie is getting bigger and fatter and still has a wonderful appetite. His clothes are getting tight and will be lucky he has enough of clothing. Lots of mail coming in daily and went very much Jimmie & Gaddy. I'm feeling well and haven't lost any weight, believe me. Will take mail swaps and send them to you too. Hope to take some in the country. Better well send my mail out there.

I love you as always, with all my heart. Stay well, sweetest, and love love love. Love and kisses from Jimmie and Gaddy.
