Pleasant surprise,
 Jim and I are fine and hope our sweet buddy is
 the same. Max and Pop are well and had no mail so
 far this week. I was more fortunate and received 4 letters.
 My sister Claire spent the day with Jimmie and we
 and we caught up on many things while in the land.
 Weather wasn't too pleasant today but we did manage
 to get ^{out} for a short walk. Jimmie is now going
 through a "shaking stage" and it's most provoking
 to me. Each time he "fits" he claims that he "sucks"
 And I'm trying not to shake him and hope
 he'll not do it in the future. Yes, dear, let's
 see the most adorable and mischievous rascal
 on two feet. Helma had supper with us tonight
 and is staying overnight upon my request. Joel
 is still in the hospital and is no better or worse.
 No mail from you today but it's always known.
 All my love to you and kisses and hugs from Jim
 George Staff
