ATTENTION: EARLY CHILDHOOD, ELEMENTARY, AND SECONDARY EDUCATION MAJORS!

Master of Education in Special Education Certification: General Special Education (K-12)

Summer 2010 Start: Applications accepted beginning October 2009

Keene State College's M.Ed. in Special Education combines special education certification and professional leadership coursework. The program culminates with a school-based research project showcasing your area of expertise and leadership capacity in special education. Faculty are dedicated to preparing skilled special educators by partnering with local special education professionals. *Three to six credits are waived for KSC elementary, early childhood, and secondary education majors who complete foundational special education coursework.*

Program features

- One year (full-time) or two-year (part-time) completion options
- Coursework and field experiences (K-12)
- Collaborative internship with supports from both KSC faculty and site-based professionals
- Professional growth through school-based research

The program assists you to

- Apply special education knowledge and skills to help your students with disabilities develop academic, social, and transition skills to become meaningful, productive community members
- Design instruction, assessment, and individualized programs for students and their families
- Collaborate with special education stakeholders within and outside a school system
- Celebrate diversity in the context of supporting individuals with disabilities
- Advocate for individuals with disabilities
- Develop belief and value systems that provide a focus for acting as a special educator
- Reflect on practice to increase special education knowledge, skills, and beliefs

Keene State College graduates are professionals who

- Explore the dynamic nature of the teaching and learning process
- Demonstrate professional and ethical behaviors that meet high expectations and standards
- Understand the world from multiple perspectives
- Contribute to a more just, equitable world

The certification component follows standards set forth by the National Council for Accreditation of Teacher Education (NCATE), the Council for Exceptional Children (CEC), and the New Hampshire Department of Education.
