**ESEC 460 STUDENT TEACHING 12 credits**
Full-time placement in educational setting(s) appropriate to intended certification. Supervision provided by college supervisor and field-based professional towards mastery of principles, attitudes, and techniques for successful teaching. Graded Pass/Fail. Prerequisite: permission of Teacher Education Office. Fall, Spring

In addition to the required ESEC courses listed above, all Elementary Education candidates take the following two courses as part of their General Education requirements:

**MATH 171 STRUCTURE OF NUMBER SYSTEMS 3 credits**
Examines the structures and properties of mathematics while focusing on the development of problem-solving skills. Includes sets, functions, whole numbers, fractions, number theory, and integers. Intended for prospective elementary school teachers. Utilizes appropriate grade-level technology. Prerequisite: passing grade on the proficiency examination. Formerly MATH 101. Fall, Spring

**MATH 172 APPLICATION OF NUMBER SYSTEMS**
Considers applications of rational numbers, decimals, percent, probability and statistics, counting techniques, geometry, and measurement. Intended for prospective elementary school teachers. Uses appropriate grade-level technology. Prerequisite: C or higher grade in MATH 171. Fall, Spring

As part of their General Education requirements and to meet state standards, Elementary Education majors must also select a US History course, a Geography course and an Art and a Music course to complete the certification and degree requirements for a Bachelor of Science in the Elementary Education option.

Elementary Education majors usually select one of the following geography courses (we recommend GEOG 105 but this does not fit in everyone’s schedule):

**GEOG 100 INTRODUCTION TO GEOGRAPHY 3 credits**
A systematic introduction to the discipline, designed to give the beginning student exposure to physical, cultural, economic, and cartographic aspects of Geography. Fall, Spring

**GEOG 101 INTRODUCTION TO WORLD GEOGRAPHY 3 credits**
A regional introduction to the physical and cultural geography of the world. This course includes curriculum
and resource materials for teaching Geography. Students may not receive credit for both GEOG 101 and GEOG 105. Fall, Spring

**GEOG 105 GEOGRAPHY FOR TEACHERS** *4 credits*
A combination of world regional geography (GEOG 101) and the five themes - location, place, human-environment interaction, movement, and region. Focuses a traditional university course to needs of students who will become teachers. Germaine to elementary education and social science majors. Students may not receive credit for both GEOG 105 and GEOG 101. Fall, Spring

Additionally, Elementary Education candidates usually select one of the following United States history courses:

**HIST 161 TOPICS IN UNITED STATES HISTORY I**  
A systematic introduction to United States history before 1877, emphasizing major topics within a chronological framework. Topics vary with each instructor, but always include: Puritan and plantation colonies, formation of the United States, slavery and abolition, foreign relations and territorial expansion, the rise of mass politics, and the Civil War and Reconstruction. Not open to juniors and seniors except by permission. Fall, Spring

**HIST 162 TOPICS IN UNITED STATES HISTORY II**  
A systematic introduction to United States history since 1865, emphasizing major topics within a chronological framework. Topics vary with each instructor, but always include: industrialization and labor, immigration, the growth of cities, nativism and extremism, segregation, civil rights, centralization of American life, and the rise of the United States as a world power. Not open to juniors and seniors except by permission. Fall, Spring
