MONDAY, MAR. 2

Charge, dearest,
Jim and I had check-ups at Mr. Berner's today and we're back fine. All is well at home and the folks are O. K. My sisters came in from the Country and I'll see them tomorrow afternoon.

I bought a head-to-day and this morning I received your Feb. 10th letter #46, a lovely card for me with a sweetly inscribed from Paris and some cartoons, my doggie with a Paris subway guide. Thanks so much, my dearest for your thoughtfulness. I'll treasure these.

Mr. Berner called from the office and he is fine. Ben called too and says Hamilton and his folks are in California. He's well and sends his best wishes to you. Expect to write to Bob later this evening and close the Bernattine.

Stay well, that's many and it'll be over soon. I love you more each day and Jim and I send all our hugs and kisses to you.
