

OFFICE MEMORANDUM

To George

From Bob

Date 4/14

Dear George,

Miracles obviously have not ceased to occur. When the fates finally get together and decide that for once you can go away on a weekend trip and have some nice weather to boot; then I know that anything can happen. I am sure that you and Flo had a swell time.

I spent most of my weekend in N.Y. looking up some of my old friends; and had quite an enjoyable time. Many of the crowd have been drafted, and those still lucky enough to be home are just waiting to be called.

The richest fellow in town, his father owns the Scranton Record Co.; has been begging Aaron and I to let him take us out some time. After several days we finally had supper at his home, last Thursday. His home is absolutely gorgeous, and very expensive. Now he wants us to go up to his cabin in the woods, 50 miles from nowhere. He seems to be a swell fellow; but I am sure there is more to it than meets the eye. We have given him absolutely no reason to want to do all these things for us. He loves to drink and that meets with Aaron's approval; but I somehow just hate to drink just to be sociable. So possibly, and I suppose probably, I will not go out with them on this drinking and screwing party. I, due to a little trouble that one of my friends is going through at the present time, have suddenly come the realization that I had better be careful or I might find myself in the same hole that he is in. I just don't feel that the brief pleasure that one enjoys should be the possible cause of an embarrassing and complex problem.

Aaron is still spinning yarns, and is still the same old Aaron. Still looking for it, and still the most important thing in his life. I will definitely be infinitely happier after his departure; which I hope is not too far off.

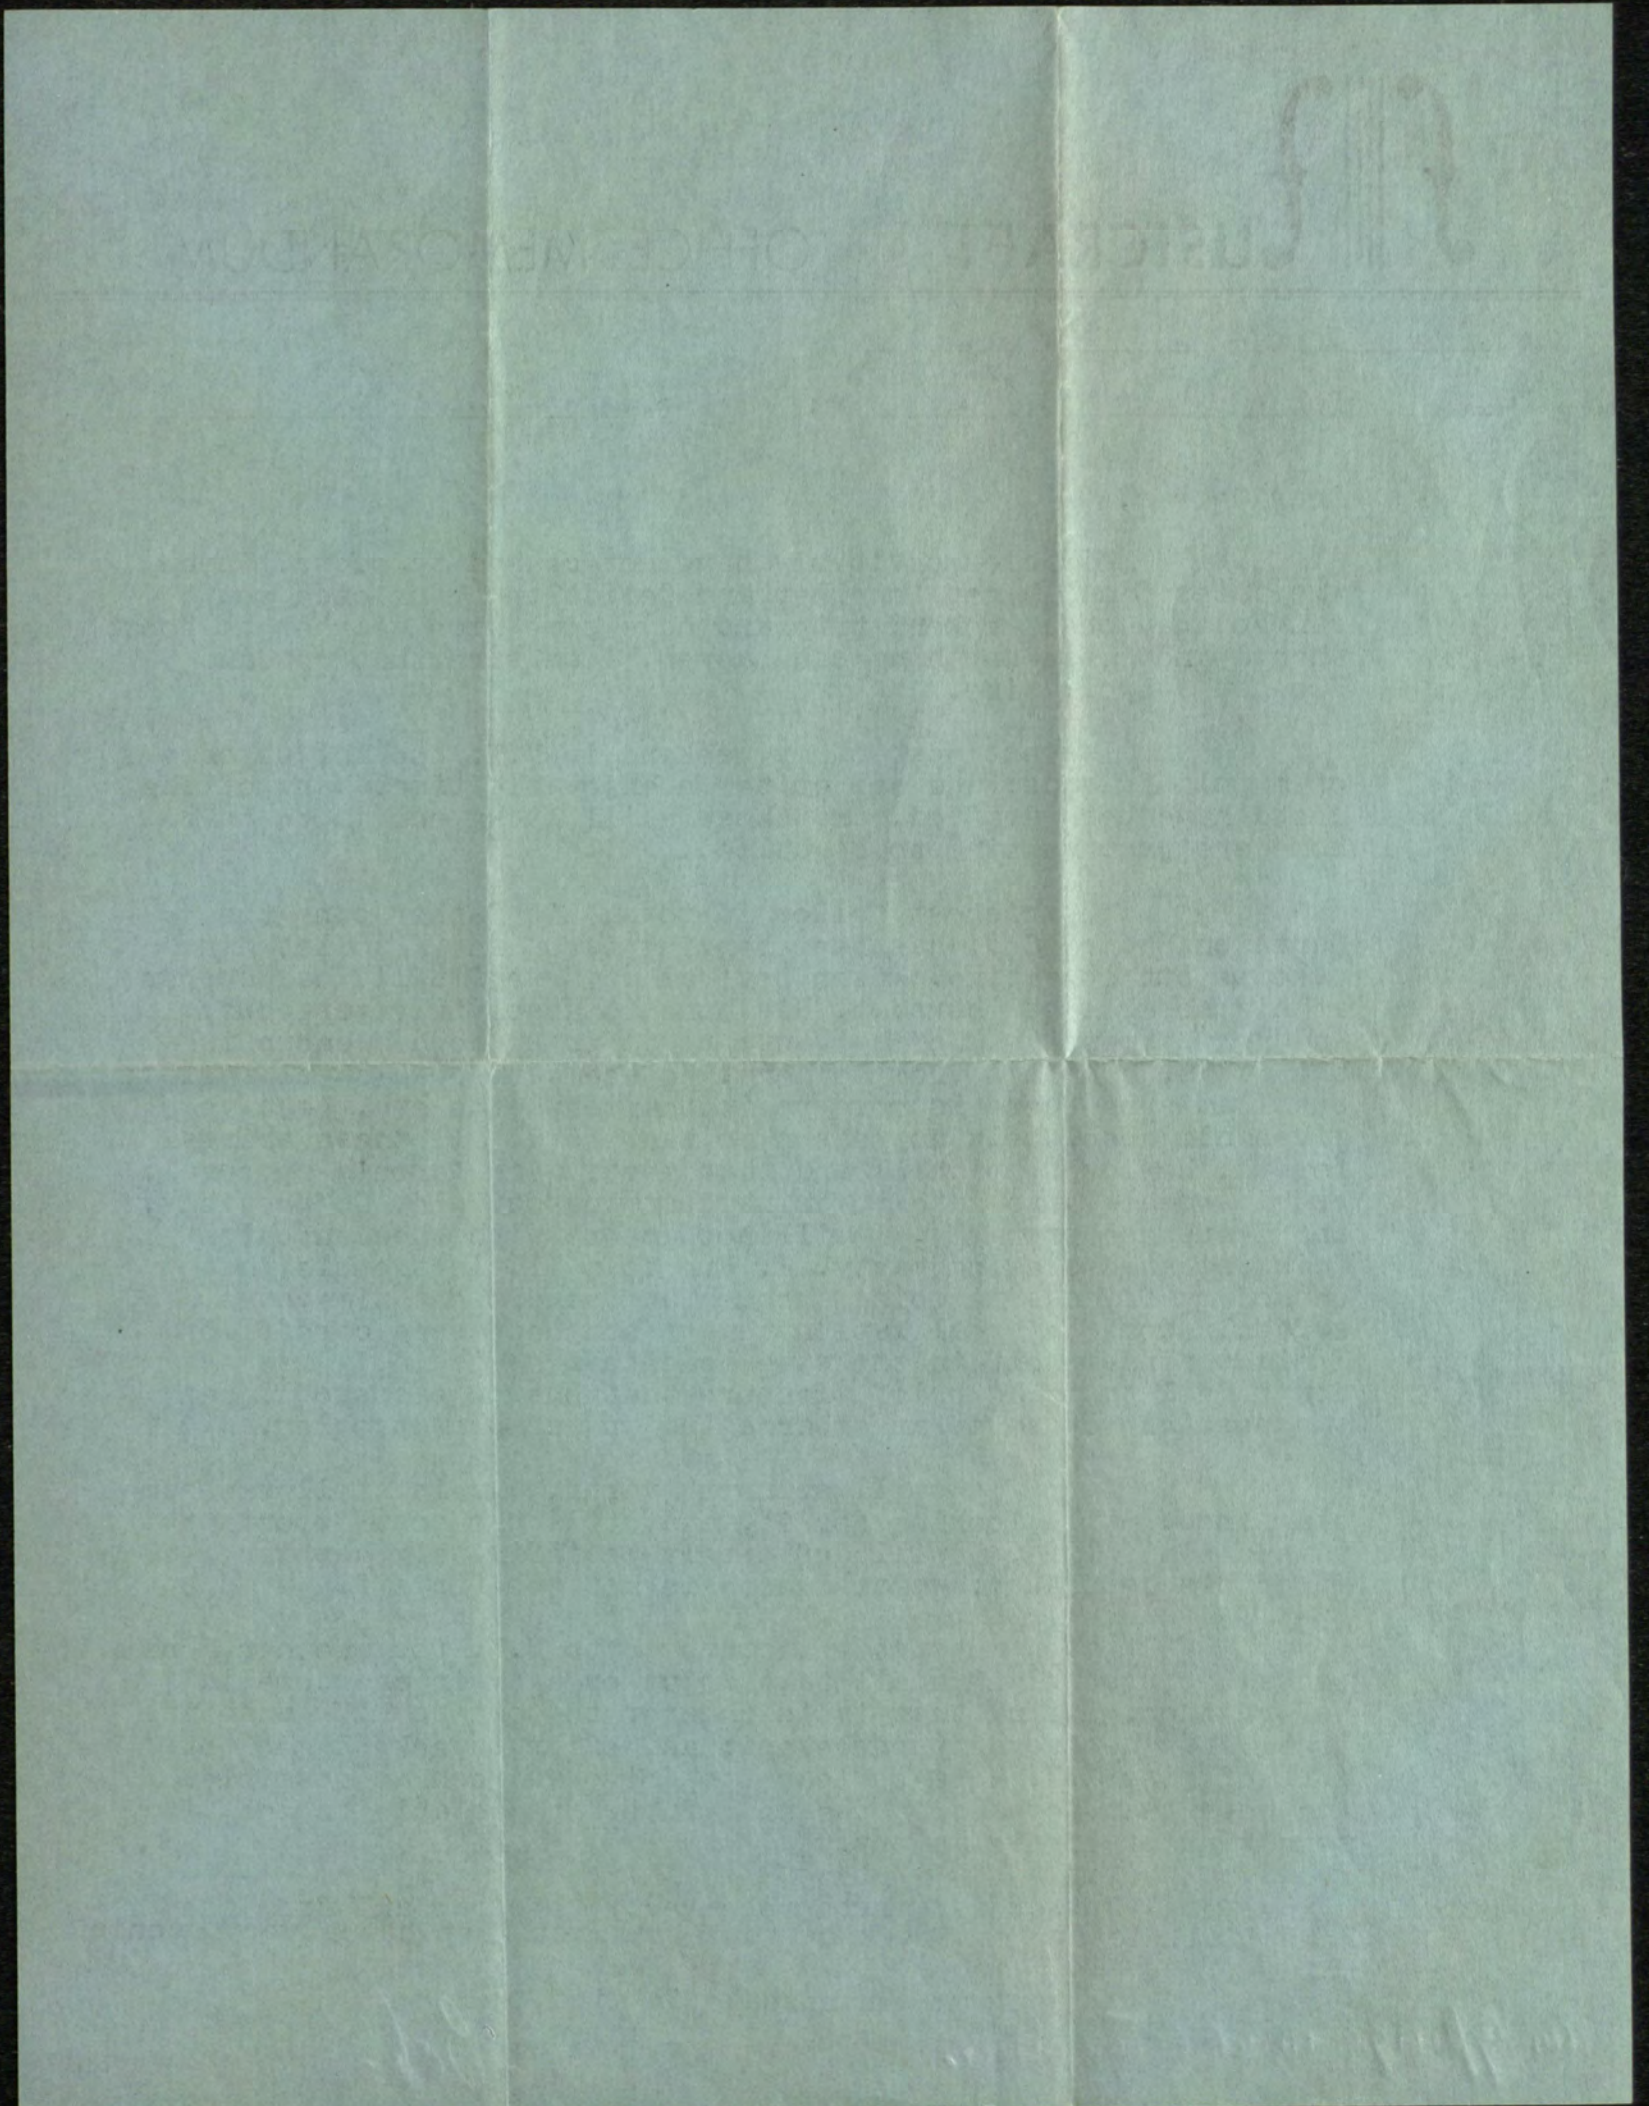

Aaron doesn't expect to go to N.Y. for another 3 or 4 weeks, so probably I shall take a bus or a train and come in before then. I find that it is cheaper to come to N.Y. than it is to stay here over the weekend; and after 2 weeks I get to sort of miss N.Y. Hope to learn to drive as soon as possible. And hope that perhaps in the near future to be able to get some kind of little jalopy.

Just this minute received your card; and from the beautiful picture on it, know that you must have had a very scenic trip.

With a handshake in mind,

Am typing much better now.

Bob.
