98

Sir,

I am directed to acquaint you that the State of New Hampshire is unrepresented in Congress having but one Delegate present for some Time past, and it is earnestly requested that a Representation may be kept in Congress at present. Matters very important & interesting require a full Representation from all the States. It is to be hoped & expected that one or more Delegates from New Hampshire may immediately come forward if not already on their Way.

I have the honor to be, with very great
Respect

Sir

Your most obedient &

most humble Servant

Sam^l. Huntington President

The Hon^{ble}

The President of New Hampshire

From President Huntington
P. H. J. 1781
