

Sir

Philadelphia July 16th 1781 1781

I had the honor to inform Your Excellency on the 6th Ins^t. of an Act of Congress of the 18th June last, directing me to press a compliance with the several Requisitions of Congress on Your State, I am not yet in Condition to state the Account of Specific Supplies, but I enclose you a Certified Copy of the Acco^t. of your State for Money, by which it appears that there is due to the United States 6,987.550. Dollars of the Old Emission and 314.265 of the new, exclusive of the 4/10th Due by the Resolution of the 18th of March 1780. Your Excellency will be able to determine, how much has been paid as also how much of the Specific Supplies has been furnished, the remainder of those Supplies, forms an additional Balance due to the United States, which it is my Duty to urge the Payment of, I am therefore to request that you will be pleased to lay these matters before the Legislature of your State, and intreat their Compliance with the Requisitions of Congress -

Your Excellency must be sensible of the Impracticability of carrying On the War, unless the States will cheerfully furnish the means. Whatever they Grant will must be faithfully Applied, so as to produce the Greatest good to the Whole. But if the Means be Withheld those and those Only who are instrumental in it must be chargeable with the Consequence -

Having the most thorough Reliance on your Excellency's Disposition to promote the publick Cause. I earnestly recommend to you this very important Object -

With every Sentiment of Respect. I have the honor to be

Your Excellency's. Most Obed^t

Humble Serv^t -

His Excellency

The President of the State

New Hampshire
