

Monday morn —

Dearest George,

Just a few words to you before
I take baby down to the street and
thence to shop. Hope you're well and
as happy as could be under the
circumstances.

Am forwarding the chain as
you requested in this letter and
hope you receive it soon. Anything
else?

For your Christmas gift, I'd
like to get you a good military set
if that meets with our approval or

would you like something else?

It seems snappy out but we're dressing accordingly.

Last night I slept much better and longer than I have since you left my bed and board.

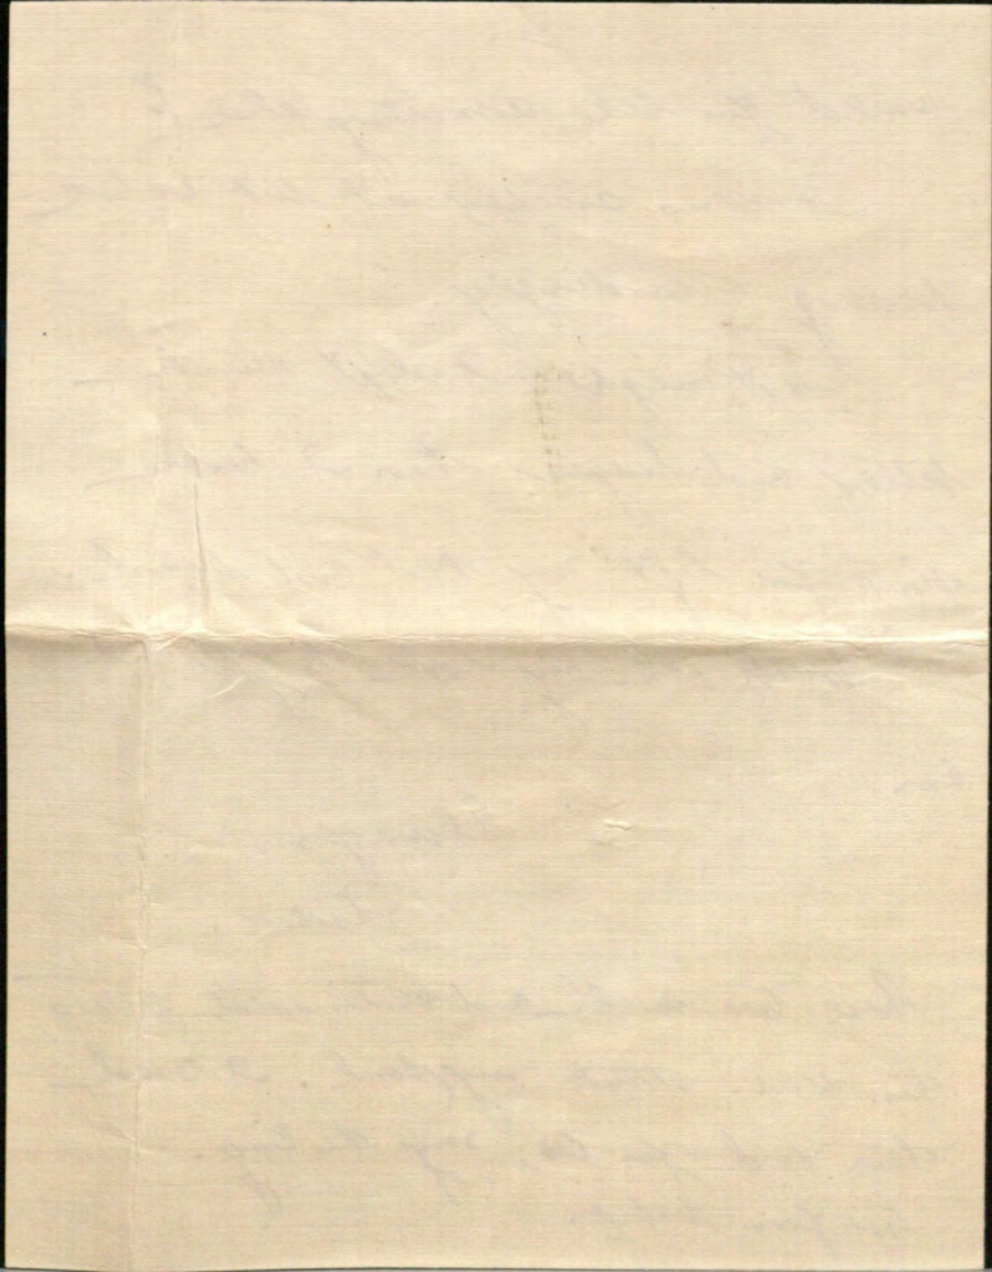

With all my love to you, I

am

Always,
Florence.

Those two swell and sentimental letters this morn. struck my soul. I loved them and you too, my darling.

Love from Baby.
