Dearest Sweet Heart,

Saturday Oct. Dec 16

Jim and I are feeling swell and always talk and dream of you. Just stay well, dearest, and we'll have our good deal yet. Wrote you a long, silly letter a few minutes ago and this is fourfold. Caught up on some of my correspondence, paid bills and sent some checks to Salvation Army and Mary's Home for Chronic Diseases.

Weather is not too cool and we're always comfortable. Hope you get half the comforts that we have at home. Jack and Nell in both families and Joel is still sick. Poor kid got a rather break and Thelma just wouldn't be sensible. He's at home and still stays around.

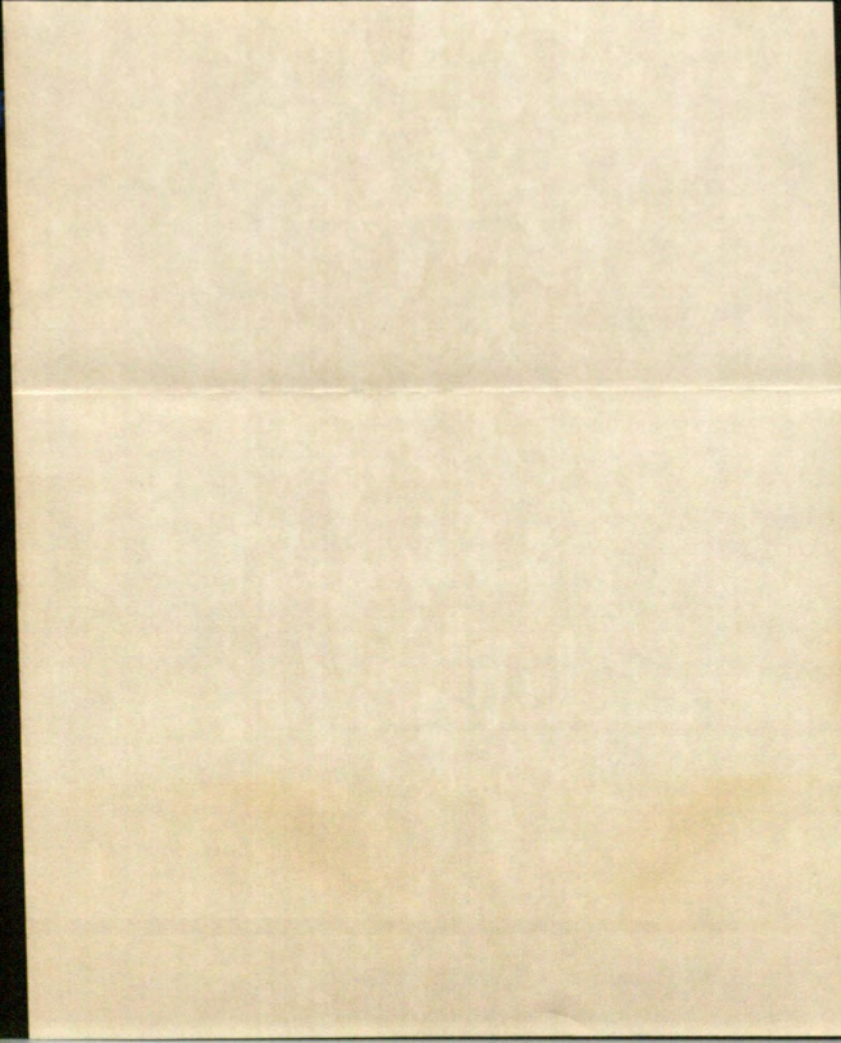

Mr. Pincus called to night and the folks will be here to-morrow. Pincus is well and is also writing to you. How are you being treated these days? Do you think you'll be moved from the present scene?

With my love and adoration and kisses and hugs from Jim and Nell and all our friends and neighbors.
