Wednesday 4/15

Charge, darling,

To-day is to be the start of the San Francisco Conference which may have excellent results. At least - keep on watch for 100 years.

Babe and I are well, the folks D. R. and I received your April 12th v-mail. Hope you're getting our letters and the camera is sent out clear. Weather is raw and wet as we live in again and there's always work to be done.

Hope you're fine and dandy and that you will get home soon - this year. Our good friend Bill's paid us a visit last night and he's still the good natured guy. He brought candy, toy soldiers (15 miniatures) for Jim and the ladies and also for me and 21 rolls of film. I thanked him and hope you let him know what a swell friend he is. I'll miss him to the big boys and home.
