Dearest Bev-

Somewhere in No. Ireland
"Happy Anniversary." yes, four years and one month to-day. Hope that will soon be able to spend our anniversaries together. Last night I was C.Q. in Hq. I made a sleeping bag and used one of the decks as a bed. Must admit that I've slept on much softer spots. I couldn't turn too much for fear of falling off, but I managed to get a good night's sleep anyway. Our Christmas mail had to go out to-day so I took care of it last night. I'm getting a bit weary of writing the return address, rather I should say, printing.

Going out on pass again tonight. I may stop at A.R.C. to-morrow and borrow one of their bikes. I think that's the best way of getting to see the sights. If it's nice and the other boys are agreeable we may play a round of golf.

Did you have the ring engraved as yet? Please be sure to take care of it. Did you send my watch? Say hello to Mother & Dad for me, also Buddy. Love & kisses
Hal
