PART I

Dearest Bev-

How are you? It's almost a month since I've seen or heard from you and I wonder how everything is. I've hoped for mail every day but still no luck. I suppose you've sent mail the regular way. So far V-mail and air mail have been coming in. I've used V-mail mostly but if you'd rather get air mail, which is just about as fast, let me know. In some cases air-mail letters from the States beat out the others.

Forgot to mention something about my visit to the canteen the other night. There's a regular little booth that looks like a coat checking place. However in this case you check your hat and get a knife and fork. The hat acts as a deposit and when you return the silverware the hat is returned. Unique eh? Guess they don't miss any hardware. There's a theatre across the street and just as soon as a good picture plays I'll see it. I think that to day they're showing "Woman of The Year". Remember it? Spencer Tracy, K. Hepburn etc. It was good. The seating arrangement
