Pru –

It seems to me that we have done this throughout the report – especially in section 5. Are we sending in a revised report? Do I have to do this? If so, - in short our changes are:

1. Hired NCATE Coordinator
2. Data collection analyst
3. Instituted data collection from key assignments
4. Curricular changes – more time in field, increase in literacy
5. Curriculum course changes based on ACEI standards
6. Beginning to institute use of TK20 with intention of students using it for e-portfolios and for data archiving and analysis
7. Discussion of findings – tweaking assignments to better fit ACEI standards.
8. Instituting policy changes in PRAXIS 2 Score reporting

Put a more centralized focus on our NCATE work – at beginning

Essentially, we are revising our entire report. We met Standards 1 and 5.3, but the remaining standards are addressed with our assessments in this report.

Can you think of anything else?
