et

A report having been circulated that amongst the Things found with Denny Hayley Suspid from N. York there was Cloth & Trimmings for a Suite of Cloaths Adress'd to me and your Honours being Doubtless propos'd of materials to ascertain the fact I should be much Obliged by your Certifying in any way you may Judge proper the truth in this matter

I hope your Honours will excuse the trouble of this application as it much concerns me to set the publick right, if the report is (as I presume to be the Case) a malicious untruth propagated by some person or persons to Injure me

I am with much respect

Your Honours

Most Humble Serv^t

James Macgregore Jun^r
