

Sir

New Hampshire Portsmouth <sup>July 7<sup>th</sup></sup> 1780

With every sentiment of Gratitude I permit me, to make  
my most warm Acknowledgements to you Sir & the Honorable  
Committee, for their Benevolent Interposition in my behalf, in ordering  
a person into close confinement, as Responsible, and to retaliate  
upon if my life had been taken, or I had suffered any other cruelty  
while in the hands of the enemy at Halifax, also for their  
Representation of the same, to General Clinton, all of which,  
Will ever be a lasting Monument, of Gratitude and Respect, in  
my breast, for the Legislature of the State of New Hampshire

Yours  
Sir  
with all possible Respect  
Your Honors much Obligated  
and most obedient Servant

John Quinn

To Messrs Wm Esqr.  
President of the Council  
of New Hampshire

every individual of the  
species is found in the same  
locality. The number of  
specimens is not large, but  
the quality is good. The  
specimens are all of the same  
age, and are all of the same  
sex. The specimens are all of the  
same age, and are all of the same  
sex.

The specimens are all of the  
same age, and are all of the same  
sex.

The specimens are all of the  
same age, and are all of the same  
sex.
