Tuesday apt

George, dearst,
 We're all well at home and at present we're
 at Pops' store before taking off for Monticello.
 Car runs fine and the weather is warmer. My
 Aunt Michael is with us and Jim is O.K.
 The country is always beautiful and Spring
 has come again. Just arrived safe and sound
 and Bess was so happy to see us. My is still
 in the hospital but will be home in a day
 or so. Jim napped in the car and is a
 good traveler. Bess and Jan are fine and
 the wooden sleds you sent made quite a
 hit.

We're fine, darling, and hope you are the
 same. Received 5 letters yesterday from you
 and will write you tonight. They will be
 all right. Love
 Florence
