Dear George,

Enclosed is duplicate copy of letter I mailed to Mr. Mason. I wasted no time; writing this 10 minutes after I received your suggestion. I think we can say, that we're really tired.

Bill came back today. He was put in I.B. Seems he passed with 10 doctors; but the "1st" a psychiatrist rejected him. This is the exact term that was used by "petit mal epilepsy". Bill never had a fit in his life. Bill was the 6th in a row to be rejected. All by the psychiatrist.

Who knows, perhaps my "eyes" will finally be of some use. I hope so.

Everything else fine and dandy. Business very good. — Hope you and Flo are both well —

P.S. Will write to Danny tonight. Bob —

Mr. Mason

Dear Sir:

On Feb. 21, 1942 I was accepted as a Jr. Engineering aid; but after completing all registrations and filling out of applications, a new rule came through eliminating all men who were classified 1A.

I explained this to my local draft board who are willing to change my classification if you would be kind enough to send them a letter to the effect that I have all the qualifications and credits necessary to fill this position.

I would be deeply grateful if you could see your way clear to do this for me.

I am registered with Local Draft Board #5
709 Pittston Ave;
Scranton, Pa.

Sincerely Yours,

Robert Stoff
