Council Chamber Boston Sept^r 3^o 1778

S^r

Yours by Col. Tatham came to hand this morning in which your request that we would communicate to you what certain intelligence we have of the situation of the Army under the command of Genl. Sullivan &c. We inclose a copy of a Letter from the Genl. which we rec^d this morning, will sufficiently ascertain that matter.

The Fleet under the command of His Excellency Count De Estaing arrived safe in the Harbour of Boston, on Friday last, where they still continue. It is with pleasure we communicate to our Sister State, any intelligence in which the interest of our Country is concerned.

In the Name & behalf of the Council

I am S^r with due Esteem,

Y^r very humble serv^t

Jer: Powell Secy
