

Dear Sir

Philadelphia June 19th 1781. 139

I have drawn a sett of bills of this date on you for two hundred Sixty six dollars & two thirds of a dollar in behalf of the state towards my subsistence in Congress in favour of Clement Biddle Esq. This gentleman wants his money in Boston and I have engaged it shall be sent there. So I request the favour of you to send it by Mr. Noble the post if he presents the bills & pay the postage, or by any other safe conveyance you please. I should not give you this trouble, but I could not negotiate a bill on any other terms at this time, as no one here that I could meet with wants money in Boston.

I am Sir your most obed. Humble Serv^t
