Portsm? July 15. 1779

Sir. The Coathing you & your son
left mem^d for with the Board War, are
nearly compleated, - we could not procure
Buttons in this Town, nor, white or Buff
Coloured Cloath, nor is it attainable at
Boston, having lately sent there to pur-
chase some for G. P. Poor, but did not succeed
in obtaining near the Q^y he wanted.

You'll observe the Linnen are in 3
remnants, two of w^{ch} are exceed^g fine, the
other of inferiour Quality w^{ch} suppose would
do for the Body^s of the Shirts. - The Board
hopes those articles that we have provided
will be agreeable. Remaining with
Esteem
