

Per

Perkins. May 19th 1778

The applications from those persons who have
suffered in their Social Buildings, by the
Troops Stationed at their Harbour, are so
frequent - That I am induced to insist that
an order may pass the Court this Session for
payment to be made them - Perhaps they
may think it necessary that a Committee
be appointed to estimate the Damages they
have severally sustained - I think the mode
exceedingly proper - and the earlier it is sett
about - The sooner it will be finished - I
must insist that something may be done to
quiet the minds of the sufferers - which will
consequently put an end to a deal of
trouble to -

Yours most humbly
Pierre Long

C. Thompson Esq.
