Dear Sir

Amloid is bill of the Cart Melafie
sold J. Poor & rec^d for payment this day

The roads are good & the necessities of our
Officers & Soldiers demand a supply, what shall
we do to procure Loadings for the Waggon. —
one kind of S. Breaches & Stockings are packed
here, & I suppose we have Shoes & Stocking
enough to fill another. — but can we send
on without Articles for the Officers — &
without money nothing can be done for
them. — the little on hand will not produce
scarcely a suite for one Officer. — If our
the Waggon go, & no supply to the Officers,
it will create a very great uneasiness
in camp — We must postpone send^g for
the present. I think — may let me have
your opinion, as I could as well m^{ake} Pres.
with our Horses were improved.

I am Sincerely
D^r Sir W. friend & Servant
John Wentworth

As
nothing material to be
think the expense had
