Sir

By the vote of the Legislature of our State of the 19th of August last, I find it will require two Delegates ^{to represent the State} after the first of November next, The reason of which I suppose was that they expected (as I did) that the Confederation would be Ratified by all the States so as to take place at that time, But as neither Jersey Delaware nor Maryland have yet agreed to it, and as we have been informed that Maryland within a few Days that the Legislature of Maryland is adjourned to December, it is now certain it cannot take place so soon as was expected and there is a probability at least that it may not take place for a considerable time to come; I would therefore earnestly recommend it to the General Court as soon as they meet, to pass a vote authorizing any one of their Delegates to Represent the State in Congress until the Confederation is Ratified by all the States; and that the vote may be forwarded
