

HEADQUARTERS  
116th AAA Gun Bn  
Camp Davis, N.C.

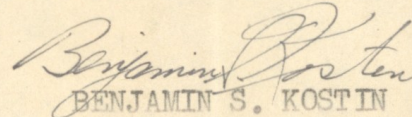

23 July 1943

To Whom It May Concern:

PFC Harold Cohen ASN 32776683, has been a member of this Battalion for approximately four months. During this period I've been in daily contact with him and have had frequent opportunity to observe his work.

I have found him to be a good soldier, well above average intelligence, reliable and efficient in the performance of his duties.

I'm sure that he will prove capable of discharging any special task for which he may be selected.
