

Wednesday

Dear Ed.

Just a couple of words to let you know
I've received all your mail. I have my scents on in
lookout all about, but am anxiously awaiting
the kick off news. So get going.

There hasn't been a hell of a lot of news
except truthfully I have been as busy as a
cockroach in cockroach haven. This WAC
recruiting is driving me nuts in a big way.
But I'll survive.

By the way Al Holmes lost his father. I
was over to pay him a shiny visit Sunday.

I hope to hear from you not much in the way
of news here. All is well which is what counts.
So excuse the ~~length~~ brevity of this misnomer of a
letter.

Was at a meeting last Tuesday. 9 Cardinals
but it was duller than dull and so left early.
Oh yes. Danny Weiss is missing in action as of
May 19. Sure hope he turns ~~up~~ up and soon.
Bernie is at Lakewood N. Jersey. Let's hope.

Meteorology or as they call it in 4s
Navy ~~Cereals~~ Aerograph.
