Dear Sir

line home for him this P.M.
he says he feels better to day
the Measles are out finely yet
I I see know reason why he will
not get along first rate now
we are having wet weather now
most all the time. it is very
bad getting around. he says he
dont think much of keeping
him out of School most all the
winter. so he need not catch
the Measles. he received your
letter last Eve containing
the Essex Note. he is in the
best of spirits. I he dont want
you should worry about him
I hope he will get promoted soon
for I think he deserves it
